Pam's Corner *by Pam Martin*

A Silver Strike special event for the 2009 Casino Chips and Gaming Tokens Collectors Club Convention

Monday morning 123 Silver Strikers entered the Palms Casino and proceeded to the Key West room. Upon entering we were greeted by the entrance to a Silver Strike mine, complete with small mountains, and the miner's wagon. What a perfect touch to start of the Palms Casino and Hotel first Silver Strike Slot Tournament. This was also the most popular place for picture taking. There were 40 slot machines behind the silver mine plus a few tables and chairs where we gathered.

The first day we all registered and played our first round. Each session was 10 minutes and believe me hitting that button for 10 minutes is a long time and no matter how fast or slow you hit you will need plenty of red, white, and blues to pay off. The scores were high and hopes were up for many. Each participant was given a buffet ticket for that day and the rest of the day was free, except for the few who were able to get on a silver strike machine. I know the Palms noticed all of us strikers, in fact I think Craig got a call saying they couldn't believe so many strikers could fit around one strike machine. Everyone at the Palms was great. This was their first event for silver strikers but before the day was over they were having as much fun with us as we were having being there.

FOUR QUEENS

Meet Peter Van der Kar: Silver Strike Pioneer

by Bill Metten

Fourth in a series of articles about club members who started collecting silver strikes in the early days and have contributed to the club's success.

Silver Strikers Club Charter Member Peter Van der Kar and his partner, Charter Member Lloyd Malani, began collecting silver strikes in 1998 for Lloyd's sister in Hawaii. After winning their first strike from Harvey's in Lake Tahoe, they began collecting for themselves.

"We did not realize there were silver strikes at other casinos so we drove all over Nevada from Laughlin to Jackpot and every city and town in between, going into each casino with our sample asking if they had these coins," says Peter. "What a couple of years that was. We had a wonderful time."

They collected all denominations. Lloyd focused on \$7 strikes, Peter collected the \$20's, \$40s, and then the \$200's. "And we collected all the \$10s we could get," Peter says. Like other strikers, Peter was a collector as a kid, collecting stamps. He sold his collection, recalling "something about being young and a new car."

Peter and Lloyd attended their first CC>CC convention in 1998, adding to their collection by trading.

"Before eBay there were only the trade shows and few silver strikers, mostly chippers, so we would tailgate and trade at chip shows. Gary Heinz, Ralph Bjornson, Rich Rosales and a bunch of us would all trade for strikes we needed to complete a series. Those were the good old days, before silver strikes became the popular collectible they are today," says Peter.

Peter likes "the search" aspect of strike collecting." I liked going to pawn shops and finding some great strikes before the catalogs were printed. I also liked trying to finagle a deal or buy a strike from the casino cages.

Peter and Lloyd vividly remember two "great finds" while collecting.

One day it was raining and they were at Treasure Island. Peter went to the cage and asked if they had any of their \$40 strikes. "They just laughed at me," he says.

"A little later a security guard asked me if he could help me. I probably looked like a vagrant, all sopping wet. I told him about my experience at the cage. The guard said he knew the Comptroller and if I gave him \$40 he would get me one. He disappeared for about twenty minutes and then came back with the strike and a document that I had to sign, saying it was for collection only. I tried to give him a twenty-dollar tip and he refused. In those days, a TI \$40 strike was going for about 2 grand. We did not know the value of the strike at that time, only that it existed. Later we discovered the value and realized how lucky we were," said Peter.

Their other find was at one of the Tropicana shows. "Lloyd was carefully looking through a box of strikes which had been searched by many others. He found the first

of the Riviera's Crazy Girl coin aligned strikes. To date I think there is only one other. Thoroughness found that strike, which is one of the great things about collecting. You think you know it all and something like that shows up. We made a lot of money on that strike when it was sold," Peter said.

Peter and Lloyd were present when the club was formed. "The very first meeting was run by Mary Lou Waterbury and Jack Haddock and there were probably 100 or so people there, maybe more. We voted to become a club. We nominated Mary Lou and Jack to become our president and vice president and they asked for volunteers for other offices."

"Lloyd punched me in the ribs and said, 'you can write. Why not do the newsletter or be the treasurer?' So I, perhaps foolishly, put my hand up and was elected newsletter editor, though I wanted the treasurer's job. Evelyn Grosklaus was elected treasurer," Peter said.

"I had no experience with a computer and Jack sent me an envelope of stuff. I had to start from scratch, format and all. If just kind of evolved," said Peter.

Members were asked to contribute to the newsletter. Most of their experiences were complaints. Peter did not want to print anything negative about the casinos because he thought that such publicity would harm the fledgling hobby. So he printed "only the light hearted stories and the amusing ones that I wrote myself." The newsletters are in the archives of the club's website.

More recently, Peter has the distinction of winning the club's first silver strike design competition, commemorating "7 Lucky Years." He and Lloyd also have had a table at the convention for the last 9 years.

As for the future of the club and strike collecting, Peter says, "A lot of the future depends on club management and participation. Do we elect the right people to represent us? People who will get the job done and listen to the membership about what they want. As more casinos drop silver strike machines from play it becomes harder to attract new collectors so great communication with casinos is necessary to rebuild their interest in silver strike machines, slot tournaments, and the hobby in general.

The Strike Point is a good reference for the interest people have in the club and that seems to be doing well. I would say there is a future, but we need to encourage it with patience and intelligence."

Looking back, Peter and Lloyd also collected many friends while collecting strikes. "We became close with a number of them, and still are. We have even gone on cruises together, one through the Panama Canal with Strikers and Chippers," he said.

Strikers News continued from page 1

Our second day was filled with two rounds of tournament play and a buffet ticket for lunch. The rounds produced many players getting lots of red, white and blue 7's. The scores were going higher and higher. Everyone had guesses of who was the leader but in the end we were all surprised when the first place winner was announced. And the winner was Dorothy Kelnhofer from Pahrump, NV. She loves playing for strikes at the Palms with her son and daughter in law. Our second place winner was Don Barton, oh by the way didn't Judy Barton come in second at the Four Queens Silver Strike Slot Tournament? Glad to see you can keep up with Judy! Each session there were two \$25 of free play and it was a really nice treat as I happened to have my name pulled. I have never gotten into the tournament money but it is nice to not be a complete loser, session money works well too.

It was two days just filled with fun, seeing old friends, making new friends, playing for strikes. The Palms did a fantastic job!! There were plenty of strikes to play for at the Palms, three red cap 10's, one 7, two 77 and three 777. The 1/4 pound tournament token was beautiful and of course there were two \$200 before the week end was over. A big THANK YOU to Craig and Debbie, they out did themselves with so many special touches. Craig has announced plans for continuing the Silver Strike Slot Tournament next year and I know many of us will be looking forward to it.

Strikers Tales: And the Winner Is...

I'm 81 years old, and have lived in Pahrump, NV for about 25 years now. My husband and I were full timers in our RV and used Pahrump as our home base. Our son Gary came to visit and fell in love with the desert, so he moved here also. After my husband passed away, my son married, and he and his wife Diane insisted that I live with them.

We enjoy going to the Palms in Las Vegas and playing the silver strike machine in particular. We are not serious collectors of the smaller strikes, but prefer to trade up to the \$200 coins. When we received invitations from the Palms to enter the slot tournament, we were tickled to death. We met so many great folks at the tournament. We are also hoping the Palms will host another event next year and look forward to seeing all those nice people again. My thanks to the Palms for putting on this wonderful tournament and for the thrill of winning.

What Happened To My Points

Reprinted with permission of Casino News Magazine

Almost all casinos have a time limit on how long players points will be kept in their computer system from the time points are earned. If these points are not used within a certain time limit then they will expire and not be available to use for comps, cash back, rooms, etc. Suggestion: clear up/use your point account before you leave a casino before you go back home. They might not be there when you go back to Las Vegas. ALSO learn which casinos you play in are owned by what entity or corporation.

Below is a list of Las Vegas casinos, with the club name, & how long players' points remain in their computer system. This is not a list of ALL Las Vegas casinos just the casinos that I feel would be most likely used by SS club members. Also some casinos point information was not available at this time.

US Post Office -- Flat Rate Deals *by Dan Hanagriff*

As Silver Strike Collectors we find this collecting hobby can be a somewhat expensive hobby. So why pay more then necessary to ship Silver Strikes to other collectors. Or pay higher than necessary shipping cost to a seller of silver strikes when there is a cheaper way to ship strikes. ESPECIALLY when more than a few strikes, OR \$200 strikes are involved in the transaction. ALSO it doesn't take many Silver Strikes to add up in weight thus causing a higher postage shipping cost. Let's face it, silver strikes are HEAVY.

Below is a list of presently available Post Office deals using - priority flat rate mailer & boxes -. Please NOTE: we all know the - US Post Office - the prices for the priority flat rate can easily change. So check with your Post Office before you mail your strikes. ALSO NOTE: use ONLY mailer or boxes that are MARKED PRIORITY FLAT RATE to get this special rate. Or else you will be charged the higher priority rate. The - weight - of the item to be mailed - does not matter - when using priority flat rate. As long as it is within the normal postal weigh limits and fits properly in the mailer or box. --- " Also the priority mailer or boxes are supplied by the post office free at NO extra cost to the person wanting to use these post office priority flat rate deals."

Check with your post office for any further information needs concerning flat rate deals.

Deal # 1 --Flat Rate Priority *MAILER ENVELOPE* -- \$4.95 -- Thick extra heavy duty cardboard/paper type envelope. 8 ½ inches wide X 12 inches long X about ¼ inch thick -- It will expand some to accommodate some thicker items. NOTE: If you want to use - *extra tape* - to seal the mailer, I suggest that you ask PO clerk first if OK, as this extra tape could void the flat rate savings and upgrade the mailer to a higher priority mailing rate.

Deal # 2 -- Flat Rate Priority *SMALL BOX* -- \$4.95 -- 5 ½ inches wide X 8 ½ inches long X 1 ½ inches deep. -- NO tape limit

Deal # 3 -- Flat Rate Priority *MEDIUM BOX* -- \$10.35 -- 8 ½ wide X 5 ½ inches long X 1 ¾ inches deep. -- NO tape limit

Deal # 4 -- Flat Rate Priority *LARGE BOX* -- \$10.95 -- 11 ½ inches wide X 13 ½ inches long X 3 3/8 inches deep. -- NO tape limit

Deal # 5 -- Flat Rate Priority *EXTRA LARGE BOX* -- \$13.95 -- 12 inches wide X 12 inches long X 5 ¾ inches deep.- NO tape limit

The next time a collector plans to mail out some strikes, check to see if using post office flat rate will save them some money. I don't know about other collectors but I would rather use my money for strikes than for paying unnecessary higher shipping costs.
