

Year 2000

By Jeff Gaffke & Mary Lou Waterbury

The convention was held at the Tropicana in Las Vegas. This was the first convention where the Silver Strikers had a small space on the CC>CC table to sign up new members, take renewals and sell our tee shirts.

During the business meeting all the present officers were nominated to serve another term for the year 2001, although nominations were still open for all positions.

The Board of the CC>CC voted to rescind the requirement that members of any of the Chapters must belong to the National Organization.

Many of the casinos featured millennium strikes.

The Chapter lost Ben Kreigh of Colorado. He was a long time silver strike collector and authored a book on Colorado varieties.

Marv Weaver had a new catalog on Premium Silver Tokens ready for the 2000 convention, titled "Nevada Silver Premium Gaming Tokens Price Guide".

There were 207 members before the convention.
