MAY 2004

ISSUE #29

PRESIDENT'S REMARKS

Hello Fellow Silver Strikers,

The Annual Convention is just a few weeks away and the excitement is building. It is going to be a memorable time for all. Your board and fellow volunteers have been working hard to get everything lined up and ready to go. We will start the fun off on Tuesday, June 15th at the Las Vegas Club with our annual trade, meet and greet session. The fun will continue the rest of the week at the Riviera. It looks like several casinos will be releasing new strikes for us to play for. We are celebrating our fifth anniversary and have some special things lined up to mark the occasion.

Its not to early to make out your Silver Strike trade and want list for the trade sessions that will be taking place during the week. I look forward seeing old friends and meeting all the newcomers. If you have not been able to attend a convention in the past this would be the one to start with. You will have lots of fun and will have lots of fellow collectors to talk to and trade with. The silver strike dealers will line their tables and show cases with strikes for all to buy. If this year is anything like years past the selection will be incredible. It's like a silver strikers mega jackpot. To take full advantage of everything we have to offer you should arrive on Tuesday and stay thru the weekend. Doug Conley has lined up some excellent speakers for the Silver Strikers Forum on Thursday and the CCGTCC has an excellent speaker for the Wednesday night Early Bird Banquet at the top of the Riviera.

Our Annual Club Business meeting will be held at 8:00pm on Thursday, June 17th at the Riviera. We encourage all members to attend this important event. We will have several awards to present to the membership, the Silver Strike Hall of Fame winner will be announced, our annual Silver Strike Auction with a never before seen item available only at this auction and we will be discussing several important topics and matters pertaining to the Clubs legal status and future. Attend the meeting so you can take part and help shape the future of our great Silver Strikers Club. Listed elsewhere in this newsletter is an offer for a special limited strike that has been approved by IGT and produced by Global Minting exclusively for the Silver Strikers Club membership. This strike was produced to commemorate our fifth anniversary.

Don T. Nesbitt, Jr., President

WEB SITES

There are a number of our members who have some great **web sites**. They have lists; general information and many have strikes for trade/sale. Here's the deal! Put information about the *Silver Strikers Club* on your web page and send us your web address and it will be listed in all future issues of this Newsletter. This can help us get new members. **Our current supporters are:**

Input for Business Meeting during the Convention

If you have any items you would like to have on the agenda for the business meeting Thursday night, please send them to any officer so they can be included.

CONVENTION VOLUNTEERS

We need your help at the 2004 Convention. The Silver Strikers Club will have a membership table again this year. We want to promote our Club to all of the Convention attendees. At the table we will be signing up new members, collecting membership dues, and taking orders for Club Rosters. We will also be there to answer any questions visitors have about the Silver Strikers Club.

We are asking that Club members volunteer to take a turn manning the membership table for two-hour shifts. This will enable us all to assist in promoting the Club and at the same time still enjoy the rest of the Convention. The table will be open from opening to closing, for three days so we will need all the support we can get. Please try to find a way to fit a two-hour shift into your convention plans. Let me know what days and hours you would be available. It would be a big help to have alternate times so scheduling can be completed. Please notify me at the following address: **Silver Strikers, c/o Kevin Pyles, 1225 Wellington Court South, Buffalo Grove, IL 60089-1599** or you can email me silverstrikers@attbi.com.

ARTICLES WANTED!!

In order for this newsletter to remain interesting and broad in scope, **YOU** are requested to participate by sending articles – short or long – to be included here. Many of you have had interesting experiences while chasing silver strikes that would be great to share and others of you know something about silver strikes you've never seen any information on.

NEWSLETTER EDITOR – WANTED!

Is it time for **YOU** to help the Club see that the membership gets the educational information they need? Well, if you become the Editor of the Newsletter, you can perform a very important function of the Club. Printing, folding and mailing is not in your scope of duties. You need to gather articles and information from various sources, compile, and forward for final processing.

SILVER STRIKER CONVENTION UPDATE

By the time you receive this edition of the newsletter, the Convention kickoff will only be about 6 weeks away. Plan your strategy, get plenty of rest and prepare to enjoy the chase for the wily Silver Strike!

Join your fellow Silver Strike collectors for an early bird trading session on Tuesday evening, June 15th. The Las Vegas Club will be hosting this year's event in their 3rd Floor, North Tower conference room. There will be plenty of tables to put out your traders, so get ready! We'll get started at about 6:30pm and will wrap it up by 10:00pm.

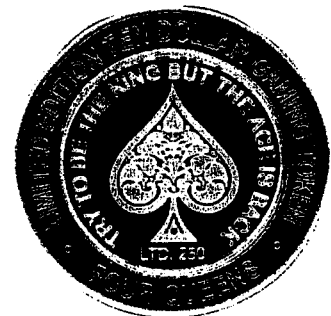

There is still time to get in on the Early Bird Banquet on Wednesday evening. So far we have 2 complete tables of Silver Strikers and are working on a 3rd table. Get your request to me **no later than 5/12** so we can meet the signup deadline. You must be a member of the CC>CC to attend and you also must be registered for the Convention (which can be done online). Send payment (money order preferred) of \$35 per person and the CC>CC membership number for each member of your party to: Doug Conley, Early Bird Banquet, 10353 Felice Avenue, LV, NV 89135.

The *Silver Strike Forum* will be Thursday afternoon. Rick Ronca from the El Cortez will join us to talk about the recent change in ownership of the Las Vegas Club, Plaza and El Cortez. It promises to be very informative. A number of our newer members have told us they have a lot of questions about the Silver Strike collecting hobby, but they don't know whom to ask. So for the second half of the Forum, we are working to put together a panel to field your questions. And who knows, there may even be a surprise or two! You won't want to miss this.

Last, and certainly not least, make sure you attend our annual business meeting Thursday evening. Here is your opportunity to ask questions and get answers about how the recent loss of our "Chapter" status impacts on the club. There are many issues involved – get informed. Following the business meeting will be our always-fun auction. Jack Haddock has done a great job putting together a fantastic group of strikes. Bring your checkbook and prepare to take part!

Looking forward to seeing you there! And don't forget to volunteer a couple of hours to work at the club table. It is a great way to help grow our hobby.

Doug Conley
2nd Vice President

CONVENTION SCHEDULE FOR 2004

SILVER STRIKE COMMEMORATIVE COIN

The *Silvers Strikers Club* has created a limited edition silver strike to raise funds for the Club's new independent existence and for the Club's 5th anniversary. This strike is limited to 500 and is available one to each Club member and associate in good standing as of May 15, 2004. The strike has the brass rim and .999 silver center as does the "real" silver strike. Orders can be made now to be insure that you have one.

They can be paid for and picked up at the Convention or be mailed for those members who can not attend the Convention. If these sell out, there will be none for sale at the Convention. To view the strike, pricing and ordering information, and membership information, please go to the Club's web site at the following link.

<http://www.silverstrikers.com/Current%20news%20Page.htm>

OR complete the form included in your newsletter.

CHECKS MUST BE RECEIVED BY JUNE 12, 2004

| 334 | \$20 | (\$60) ALADDIN, LV – Taj Mahal (300009) |

SILVER STRIKERS & CC>CC

CC>CC (Casino Chip and Gaming Token Collectors Club, Inc.) is the Club under whose guidance the Silver Strikers were formed. We were formed as a Chapter of the Club, but due to recent developments a new status needs to be determined. Benefits of belonging to CC>CC include a quarterly magazine, free admission to CC>CC events, enlarges your circle of collectors to over 2000, and gives ability to *VOTE* on elections, competitions, and policy changes.

The Silver Striker Club operates independently and a member DOES NOT have to belong to CC>CC. However, it should be noted that CC>CC is very much a "friend" of the Silver Striker Club. The hobbies go hand in hand, and will work together in the future.

The dues are \$20 a year and if you want to join send dues and your mailing info to: CC>CC Membership Officer, Ralph Myers, P. O. Box 35769, Las Vegas, NV 89133-5769. Tell them the Silver Strikers Club sent you! **Application enclosed in the center of the newsletter.**

WHY DO SOME PEOPLE GET ALL THE GOOD STUFF? It has to be INSIDER INFORMATION!!!

What is insider information and how should it be treated? According to Webster an insider is: A person who is in a position of power or has access to confidential information or one who is in a position to have special knowledge of affairs of or to influence the decision of a company. Or said another way: A person who has access to special information.

That is a mouthful in itself but most laymen (most strikers) would break that down to mean someone who has access to information that not everyone may know and in the case of Silver Strikes we're talking about WHAT, WHEN, WHERE and HOW MANY of something.

Silver Strikers are concerned about the what, when, where and how many when it has to do with new releases, short runs, errors or any one of the things which might make a strike more valuable than normal or to the real collector a prized item for the collection.

Where does insider information come from? It has to come from one of four places, #1. Gaming, #2. IGT (International Gaming Technologies), #3. The Casino (or employees of the casino). #4. Common Sense (real insider information) - that is one who pays attention to what is going on and second-guesses how it might work or play out.

Gaming only releases information concerning what has been approved. IGT does not release any information and has tried very hard to stop any of its employees from releasing any information. The Casinos are free to do as they see fit. You can guess as you want.

A word of caution when gathering silver strike information is to UNDERSTAND YOUR SOURCE. The best person, in the casino, for information is the Slot Manager not the cage personnel, not the slot tech, not the change person. All of these people are willing to help you and will give you an answer but if you talk to five different people you'll most likely have four or more different responses. When you talk to the slot manager you should take what he tells you with a grain of salt. He does not intentionally lie to you but his program is a moving target. The plan can change.

Now if someone develops a relationship with some or all of the sources that's OK. They do not have any obligation to pass on what they know. However, if it is discovered that, because of the inside information from #1, #2 or #3, they are profiting from that information at the expense of others it becomes a whole different ballgame. In that case go to The Gaming Commission with proof of your accusations such as who, what, where and how and if it is proven to be true you'll see some changes. The chippers can tell you how that works. Remember if you're going to point fingers you better be right.

Now we need to state some givens that may not be popular but they are the way they are and there isn't anything we can do about them.

1. This is a game of chance and fair and ethical, as we know it, do not apply when it comes to the casinos. The Gaming Commission sets the general rules and whether we like it or not that is the way it is. IGT as the holder of the patent for the Silver Strike program also has some say. The casinos have to stay within the guidelines handed down to them but can wade through the minutiae as they see fit.
2. The Silver Striker Club has drawn up a set of bylaws and the only place those by-laws apply is between club members. I'm talking about the way club members act and how they treat each other. Fair and ethical

- come into play here.
3. Nothing says that a club member has to share or pass on information they have gleaned from their contacts. However, if information comes to or is given to the club as a club it should be disseminated to all members.

Some of the latest examples of what I'm talking about are: Sundowner Closing resulting in a short last release, Palms \$200s, Sahara Error, Four Queens \$200s etc. The list can go on and on.

How many people have rushed to obtain a strike and paid a premium for it only to find out it is a common? How many people have stood in line for something only to find out what they got was nothing more than a common? How many people have raced for something to find out later that they did not have to race at all but could have taken their time? And last but not least how many have missed out because they did not do any of the above?

Most people gather all the information they can, decide what has to be done and then determine if they are willing to take the needed steps to accomplish that goal. Gathering the information from any of the sources takes a lot of time and footwork, those who are willing to put in the time sometimes get the information.

It's a game and each person has to, gather the information, figure out how she or he is going to play it and do it. Pick what you want to do and go with it but don't be mad at someone who has chosen a different route and achieved what you wanted to do but were not able to. Remember the time when you achieved your goal and someone else failed.

NEW SILVER STRIKE MACHINE TO BE IN PLAY IN JUNE?

Are you ready?? The trade out will be first to come - as of this writing 18 games have been ordered in Northern Nevada. They include NEW locations like Rail City and the Alamo. Boomtown and the Sparks Nugget are also on the list to receive machines. There are several orders in the south also and there should be some of the new machines in play by time of the convention. Along with the new machines will come many new designs. History in Silver Strikes is about to be made.

These machines will dispense up to 6 different strikes, which can be either \$10 or \$40 or mixed. They will be of the "red-white-blue" concept. The strikes will remain as currently produced but the plastic capsule will be larger.

NON NEVADA SILVER STRIKES STRIKES ISSUED BY ILLINOIS CASINOS

Hello gang! It's time for a review of strikes from Illinois. This month's report will be short and sweet since there was only one casino in Illinois that had silver strikes - the Casino Queen, East St. Louis, Ill. They offered 2 sets of zodiac strikes. The logo side is the same but on the reverse, one set has 1996, the other has zodiac. The set that has zodiac are a little harder to find. In fact, I still need the Libra and the Aries if anyone has any extras.

The zodiac sets have the GDC mint mark and the .999 is on the rim. The Casino Queen also had 3 Babe Ruth strikes which have the S mint mark with .999 on the silver. There are also 4 \$20 strikes. They are very attractive strikes depicting Blackjack, Dice, Royal Flush and Slot Machine. They have no mint mark. Well folks, that's it for Illinois. I'll be around next month for the state of Iowa.

Christy Gregory

"WINNING" ON A SILVER STRIKE MACHINE

Those that play the Silver Strike machines a great deal will tell you that on average a silver strike will cost you about \$14-\$14.50 to win. That's not to say that one can't play \$100 and get "0" or "15." The machine is a form of gambling and "luck" is a part of the equation.

The casinos have terminology like: "Hold" - which relates to how much they want to keep; "Hit Frequency" - which determines how often any win is recorded. The "old" machines obtained from Anchor Games do NOT allow the casino to change the "Hold", but it is anticipated that the NEW IGT games will.

The one basic of the game that doesn't change is the fact that a silver strike machine is based on 64 stops per reel. This means that to figure your odds on winning the BIG \$\$\$ (3 - 7's - bottom row), take $64 \times 64 \times 64$. Your right, odds are 1 in 262,144 that you're going home with the \$1000.
