

Because the Four Queens has an very active strike program renumbering when new strikes are released is very time consuming. From now on until the Four Queens decides to stop releasing silver strikes, the numbering system (SSC#) will be as follows:

\$10 strikes numbered from 1 to 399.

\$40 strikes numbered from 400 to 498.

\$200 strikes numbered from 500 to 598.

\$300 strikes numbered from 600 and up.

Also some \$10 strikes were renumbered to coincide with Bill Cohenour's catalog as appropriate.

After the Four Queens no longer releases silver strikes the \$40, \$200 & \$300 will be renumbered to make the numbers consecutive.
